

Acknowledgments

I thank Ronald W. Hodges (Systematic Entomology Laboratory, National Museum of Natural History, Smithsonian Institution, Washington, DC); Klaus Sattler, Michael Shaffer, and Kevin Tuck (The Natural History Museum, London, England); Guenter Ebert (Staatliches Museum für Naturkunde, Karlsruhe, Germany); Dorel Rusti (Musée d'Histoire Naturelle, "Grigore Antipa" Bucharest, Romania); and Martin Lödl (Naturhistorisches Museum, Vienna, Austria) for the loan of type material. Carl Hansen (Office of Imaging, Printing and Photographic Services, Smithsonian Institution) provided photographs of several type specimens. I also am indebted to John W. Brown and Ronald W. Hodges (Systematic Entomology Laboratory, National Museum of Natural History, Smithsonian Institution, Washington, DC); Bernard Landry, Canadian National Collection, Ottawa, Canada); and Joseph V. McHugh (Department of Entomology, University of Georgia) for thorough reviews of the manuscript.
