The ICZN continues to perform its key role of ensuring stability in scientific names for animals through the generous financial support of the Lee Foundation in Singapore. This support is administered through the Lee Kong Chian Natural History Museum at the National University of Singapore. The University also hosts the offices of the Secretariat.

During the past year, the following organisations and individual have made donations in support of the Commission:

The Lee Foundation
The Japanese Society of Systematic Zoology
Chng Sing Yii, Evelyn

The work of the ICZN is also supported through subscriptions to its journal, the *Bulletin of Zoological Nomenclature*.

The Commission gratefully acknowledges the support given.
