ERRATUM

Several errors appeared in the article “Integrated taxonomy within the *Hylomyscus denniae* complex (Rodentia: Muridae) and a new species from Kenya” by Demos et al., Journal of Mammalogy 95:E1-E15. The legends for Figure 3 and Figure 5 did not accurately describe the corresponding figures. The authors sincerely regret the oversight. Corrected legends for these figures are as follows:

CORRECTED FIG. 3 LEGEND

FIG. 3.—Dorsal, ventral, and lateral views of crania of *Hylomyscus*: A) *H. kerbispeterhansi*, new species (FMNH 210017 [holotype]; ONL = 26.7 mm), a female from Mau Escarpment, Kenya; B) *H. anelli* (FMNH 171362; ONL =

27.6 mm), a female from Mbizi Mountains, Tanzania; and C) *H. arcimontensis* (FMNH 150139; ONL = 24.9 mm), a male from East Usambara Mountains, Tanzania.

CORRECTED FIG. 5 LEGEND

FIG. 5.—Scatter plot of canonical variates (CV) axes 1 and 2 depicting results of discriminant function analysis performed on 14 log-transformed craniodental measurements. Projection of individual scores from 165 specimens assigned to 4 *Hylomyscus* taxa are depicted by the following symbols: ○ = *kerbispeterhansi*, + = *aneli*, □ = *arcimontensis*, ◇ = *endorobae*. Ellipses indicate 95% confidence limits for taxa.
