

Mission and Scope

The Condor: Ornithological Applications is an international, peer-reviewed journal that publishes original research, syntheses, and assessments that address ornithological applications in two ways: the application of scientific theory and methods to the conservation, management, and ecology of birds; and the application of ornithological knowledge to conservation and management policy and other issues of importance to society. The journal aims to reach both research ornithologists and practitioners.

Topics addressed in the journal include:

- Population biology, including threats to bird populations
- Conservation genetics
- Community and landscape ecology
- Ecosystem-level influences of birds
- Effects of habitat alteration and fragmentation
- Avian responses to climate change
- Anthropogenic effects on genetics, behavior, or physiological processes
- Biology of avian diseases and disease transmission by birds
- Birds in urban or agricultural settings
- Sociological and economic studies related to birds or the discipline of ornithology
- Integrative and cross-disciplinary studies
- Theoretical and methodological advances in practice
- Evaluations of science relevant to issues in conservation and management
- Thematic reviews and opinion pieces

Joint Publishing Venture

The Cooper Ornithological Society and the American Ornithologists’ Union have redefined and are jointly publishing their peer-reviewed, international journals of ornithology beginning in 2014. *The Condor* has become *The Condor: Ornithological Applications* and focuses on applied ornithological study. *The Auk* has become *The Auk: Ornithological Advances* and focuses on basic ornithological science. The redefined missions create an opportunity for the journals to work together to publish the best science in applied and basic ornithology and to build on their long histories as top journals in the field of avian biology.

The Condor: Ornithological Applications and *The Auk: Ornithological Advances* are managed by the Central Ornithology Publication Office (COPO), the joint publication management office of the Cooper Ornithological Society and the American Ornithologists’ Union.

Journal Information: *The Condor: Ornithological Applications* publishes original research, syntheses, and assessments that address ornithological applications in two ways: the application of scientific theory and methods to the conservation, management, and ecology of birds; and the application of ornithological knowledge to conservation and management policy and other issues of importance to society. Appropriate topics include documentation, analysis, and interpretation of laboratory and field studies; theoretical or methodological advances in practice; and reviews of information or ideas. Contributions are welcomed from around the world but must be written in English. The articles in this journal reflect the research and opinions of the individual authors. *As such, the articles do not necessarily reflect the opinions of the editors or any official policy of the Cooper Ornithological Society or the American Ornithologists' Union.*

MEMBERSHIP

Any person interested in avian biology may become a member of the Cooper Ornithological Society. Regular membership costs \$45 per year; student memberships are \$25. Membership is \$25 for persons in all countries except the United States, Canada, Israel, Japan, Australia, New Zealand, and the following Western European countries: Iceland, Norway, Sweden, Finland, Denmark, Germany, The Netherlands, Belgium, Luxembourg, France, the United Kingdom, Ireland, Switzerland, Austria, Italy, Spain, and Portugal. All members receive access to the online version of *The Condor: Ornithological Applications* and the bimonthly *Ornithological Newsletter*. Quarterly print versions of *The Condor: Ornithological Applications* can be ordered by members for \$40/year. A life membership is \$1,000, paid in one sum or four annual installments of \$250. Individuals may join, renew memberships, and report changes of address through the Ornithological Societies of North America (OSNA): www.osnabirds.org; business@osnabirds.org; 5400 Bosque Blvd., Suite 680, Waco, TX 76710. Gifts to the Cooper Society are tax-deductible to the extent permitted by law.

**INSTITUTIONAL
SUBSCRIPTIONS**

The Ornithological Societies of North America (OSNA) handles institutional subscriptions: (254) 399-9636, business@osnabirds.org. See www.osnabirds.org for single-issue and subscription orders, claims information, and mail dates. Domestic claims for nonreceipt of issues should be made within 90 days of the mail date; overseas claims within 180 days.
