Corrigendum:

Publication date of JOR volume 20 number 1

The publication date given on the inside cover of the printed Journal of Orthoptera Research, volume 20 number 1, is in error. It states there "publication date this issue December 2010". This date should have been given as September 2011. The issue went online September 2011 and the printed version went into the mails in the USA October 12, 2011.
