The following Cases are now closed:

**Case 3810:** *Mastodon pentelici* Gaudry, 1862 (currently *Choerolophodon pentelici*; Mammalia, Proboscidea): proposed conservation of the specific name as correct original spelling by suppression of *Mastodon pentelicus* Gaudry & Lartet, 1856. H. Zhang. (Acknowledgement of receipt published in BZN 76: 98; Case not published). Following discussion with the author, the Case is now closed.

**Case 3816:** *Anisoscelis* Berthold, 1827 (Insecta, Hemiptera, COREIDAE): proposed conservation of existing usage by designating *Lygaeus foliaceus* Fabricius, 1803 as the type species. W. R. Dolling (Acknowledgement of receipt published in BZN 76: 166; Case not published). Following discussion with the author, the Case is now closed.

## Erratum

Case 3801 was closed in BZN 76: 207 with an erroneous title that read “Proposal to remove *Dicynodon turpior* Huene, 1935 (Synapsida: Dicynodontia) from the Official List of Specific Names in Zoology and place *Dinodontosaurus pedroanum* Tupi-Caldas, 1936 on the Official Index of Rejected and Invalid Specific Names in Zoology”. It should read ‘*Procheneosaurus* Matthew, 1920 and *Tetragonosaurus* Parks, 1931 (Archosauria, Ornithischia): request to set aside Opinion 193 and remove *Procheneosaurus* Official List of Generic Names in Zoology, and *Tetragonosaurus* from the Official Index of Rejected and Invalid Generic Names in Zoology’.
