JCR Outside Reviewers 2013

www.ceerf-jcr.org

The outside reviewers of the *Journal of Coastal Research* (JCR) have generously donated their time to conduct the review process, which includes the thorough evaluation of manuscripts by providing comments and recommendations to the Editor-in-Chief concerning the ultimate disposition of submitted material. Because we frequently receive reviews from specialists outside of our own Editorial Board, we acknowledge with thanks the following reviewers who have vetted papers submitted to the JCR. Their interest and cooperation are much appreciated.
